## "Potpourri"

**Remember Franco Harris helped win four Super Bowls for Pittsburg, under Coach Chuck Noll. . . Paul Booker will spend his first Super Bowl confined. He is recovering from a major hip-replacement surgery and is now on a cane. . . Each member of Congress is allowed one guest to the State of the Union speech. Emanuel Cleaver gave that one ticket to his father, Tuesday night. . . The commercials are costly but impressive. Corporations will spend millions for the debut opportunity that only the Super Bowl brings. . . Look for Seattle to surprise folks and beat the Steelers. . . Much of the "hype" centers around Jerome Bettis, who is from Detroit and is nearing retirement.....Pittsburg had to beat the three top-seeded teams on the road to qualify for the Super Bowl. . . I predict that Super Bowl XL will garner the least interest of any of the previous Super Bowls. . .**
